

Signature. SAFEGUARD

Striving to be the safest place to live and work.

VACCINATION PROGRAM

- Signature Healthcare expects our staff members are vaccinated for COVID-19
- There are currently 3 vaccines approved for use in the United States:
 - Pfizer, a 2-dose vaccine series, spaced 21 days apart
 - The effectiveness is approximately 95%
 - Moderna, a 2-dose vaccine series, spaced 28 days apart
 - The effectiveness is approximately 95%
 - Johnson & Johnson, which is a single dose vaccination
 - The effectiveness is approximately 66% for contracting the virus and 85% for preventing severe disease caused by the virus
 - Effectiveness is reached approximately 28 days after vaccination
- Signature partnered with Walgreens and CVS pharmacies to provide Pfizer and Moderna vaccines
- Signature is working with a vaccine participating pharmacy that services long term care to continue providing our residents and staff members available vaccines
